## Konkan Flood, Rescue and Relief Work

A massive flood hit Konkan region and surrounding areas. Many cities and towns are experiencing one of the worst floods in decades, pushing thousands of people living in low lying areas and slums into misery. There is an urgent need for food and other essentials. The amount of damage caused has been unusual. Many roads and buildings are damaged and lives in the affected areas have come to a standstill. Society for Bright Future is actively involved in the relief and rehabilitation in the flood affected region, and a large number of volunteers reached immediately and started rescue at Chiplun and Mahad, Maharashtra.

### Following are the major tasks done by the Volunteers:

1. 25000 food packets distributed.
2. Hundreds of houses, shops and religious places cleaned up by the volunteers.
3. Surveys carried out to assess the damage.

## Flood relief Work in 3 States UP, MP and Rajasthan

SBF volunteers working in these 3 states during flood. Many tasks had been taken by our Volunteers such as rescue, Need assessment survey & Dry ration Distribution.

## JAMNAGAR FLOOD

As the heavy rains lashed parts of Gujarat's Jamnagar and Rajkot, more than 7,000 persons have been rescued and sent to safe places in two districts, SBF Rapid Action Volunteers Core, rush to help in Saurashtra (region) Jamnagar with the Dry ration for 50 families.

## ASSAM FLOOD

Society for Bright Future Assam North Team Distributed ration kits among 60 Flood affected families of Madarpur, District Chirang.

## TARPAULIN SHEETS DISTRIBUTION

Tarpaulin sheets among 29 families and 1 Temple in Kalindi Kunj, Delhi. Their houses were affected by heavy rain and flood.

- Mr. Suresh Kumar, Civil Defense, Delhi

## Public Utility

### Har Qadam Swachhta Ki Or - One Year Long Nationwide Campaign

To bring cleanliness nationwide SBF has taken several initiatives. Many areas are being adopted for a year by us to transform the unhygienic areas. However, in the last two months, SBF had worked in 12 areas in several states that came to be cleaned. Under this program, Dustbins are being installed in various Slums and Market, Plants were also put up at the garbage spot to avoid more trash and junk. We have achieved the target of cleanliness with the support of people's participation and along with the contribution of partner organizations.

## DRMV (Disaster Ready Model Village)

### BAMBOO BRIDGE INSTALLATION

The lowland area of the link road is broken and inundated during the rising water level.

More than 200 daily commuters face a lot of problems crossing the area. The installation of the bamboo bridge provided a relief to the daily commuters & people of the village.

### FLOOD ASSISTANCE PROGRAM

Due to the sudden rise in water level at River Brahmaputra, the lower reaches of Bandia and its surrounded areas have submerged.

Around 60 families of Bandia lowland areas have taken shelter at Bandia high Land. These families consist of 335 persons including 8 infants. Our SBF Volunteers provide them water and food packets and Build temporary camps and toilet. SBF also provide boat services for flood affected people staying in temporary camps in the highlands of Bandia. This service will help the poor people of Bandia during emergency evacuations of patients as well as addressing the transportation needs.

### WATER PURIFICATION TRAINING PROGRAMME

DRMV Bandia organized a Water Purification Training Programme and Water Cans Distribution Programme at East Mangaldai Superstar Club, Bandia on 14 Sept 2021.

Mr. Herokjyoti Sharma of the Public Health Engineering Department (PHE) Mangaldai division imparted water purification training. He stressed on the importance of water purification and safe drinking water during floods.

Mr. Matiur Rehman, Bhapen Kalita district coordinator, and block coordinator Sohidul Islam also addressed the gathering and gave instructions related with sanitation and hygiene.

Besides, a Water Cans Distribution Programme was also conducted in which 60 water cans were distributed to the people residing in the lowlands of Bandia. The area has been inundated due to rise in water level in River Brahmaputra during floods.

Volunteers of SBF and Asha workers actively participated in successfully conducting the event.

### SANITATION AND HEALTH CARE PROGRAM

DRMV Bandia organized a sanitation and health care awareness programme on the banks of Tangni River near Bandia Highland which was attended by sixty flood-affected families. Local ASHA workers Malensha Khatun, Nurjahan Begum, and School Worker Maryam Begum spoke on the occasion. Phenoyl was distributed among the families with the help of SBF volunteers.
